

# EEC Solutions At a Glance

## Experience & Expertise is Our Craft

At EEC Solutions, we pride ourselves in delivering results driven critical support services to our global network of partners. Our focus is on delivering unique and innovative solutions that support professional education, administrative functions, and program management. As a growing business within the industry, we strive to stay ahead of the curve by constantly exploring new ways to enhance our services and fostering new relationships that allow us to exceed our partner's expectations

### EEC ProManage

#### Technology

We coordinate the efforts of multiple teams to deliver software products on time and within budget, using agile methodologies and curated project management processes.

#### Professional Education

We design and deliver educational programs that meet the needs of learners and align with the organization's goals, while ensuring quality and compliance with regulatory requirements.

#### Finance

We assist in managing investments, implementing regulatory changes, and ensuring compliance with industry standards and regulations.

### EEC Talent Clear

#### Talent Acquisition

We help clients attract and identify top talent by developing job descriptions, conducting candidate searches, screening resumes, and conducting interviews.

#### Onboarding

We support clients in the onboarding process, ensuring that new hires are properly integrated into the organization, and have the tools and resources they need to succeed.

#### Performance Management

We work with clients to develop effective performance management systems, including goal setting, performance reviews, and development plans.

#### Employee Engagement

We help clients create a positive and productive workplace culture by developing engagement strategies, conducting employee surveys, and providing support for team building and recognition programs.

#### Training and Development

We provide customized training and development programs to help employees develop the skills and knowledge they need to succeed in their roles.

### EEC ProDev

#### Leadership and Communication

This specialized program is meticulously crafted to enhance your leadership and communication skills, drawing upon historical military insights and their direct applicability to contemporary industry needs

#### Global Strategy

This specialized program has been designed to provide an in-depth understanding of the complex landscape of global strategic operations.

#### Navigating the Inter-Agency Landscape

This course is designed to provide participants with the necessary skills to navigate an inter-agency environment through the use of real-life scenarios.
